Attorney's Docket No.:10559/422001/P10436

REMARKS

Claims 1-19 and 23-29 stand rejected under 35 U.S.C. 112 as allegedly being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. This contention is respectfully traversed. Notwithstanding, claims 1, 8, 14, and 23 have been amended to swap the terms "source" and "destination". Accordingly, claims 1-19 and 23-39 are allowable.

It is believed that all of the pending claims have been addressed in this paper. However, failure to address a specific rejection, issue or comment, does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above are not intended to be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this paper should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this paper, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.

A notice of allowance is hence respectfully requested.
